

Manage Bookings Page

The new Manage Bookings page replaces the Shipment Overview page (Export and Import). It allows you to view, track and manage all your shipments and tasks in one place.

How do we go to this page?

There are two ways to do so. You can hover your mouse over Manage and click on Manage bookings

MAERSK [Ask Maersk](#) [EN](#) [Notifications](#) [Support](#) [Contact Us](#)

[Prices](#) [Book](#) [Schedules](#) [Tracking](#) **[Manage](#)** [Services](#) [Company](#)

MANAGEMENT TOOLS

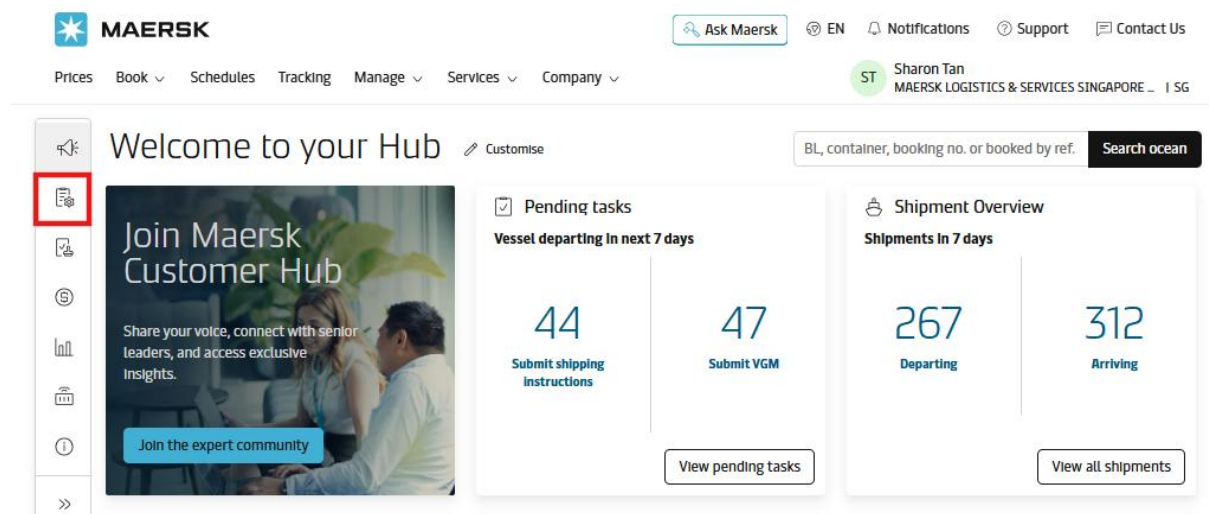

- Hub**
An overview of your Maersk products
- Manage Bookings**
View, track and manage all your bookings and tasks in one place
- MyFinance**
View, pay and dispute invoices
- MyCustoms**
Add and manage your customs products
- Captain Peter™**
Visibility of your in transit reefer goods
- Case Management**
Manage your open cases with Maersk
- Supply Chain Platform**
Control, manage and monitor your supply chains
- Order Secure Paper**
Order paper for printing Bills of Lading
- Allocations**
View and manage your allocations
- Data Integrations**
Streamline your B2B data transfers
- Container Tare Weight**
Enter your container number to find tare weight and all relevant details

NEW FEATURES

- The new Manage bookings tool allows you to view bookings, see latest tracking details, BL status updates and pending tasks
- Book Inland delivery online in 3 easy steps
- Manage, view and upload documents with new LCL shipment details pages.
- Add customs products directly from shipment details

Manage Bookings Page

I'm at the Manage Bookings page, what's the difference between this and the old Shipment Overview (Import and Export) page?

- The Manage Bookings page shows complete transport plan including all primary legs (inland, vessel, delivery) with actual event dates.
- It allows you to view your departing and arriving shipments along with pending tasks in one space. You can also see crucial information like the SI and VGM deadlines.
- It allows you to download booking confirmations and BL documents.
- You can now view vessel schedule changes directly, without having to open individual shipment details. ETD is based on first water leg, ETA on the last water leg.
- There is a dedicated page for ETA changes at destination, which also shows when these updates were made.
- It tells you the last free day to return empty containers at destination.
