Road's Weight Limitation - Import to Bangkok, Thailand

Dear Valued Customer,

Please be advised that road's weight limitation in Bangkok area, Thailand therefore special containers - Reefer containers, Open top, and Flat rack with final delivery to Bangkok area would limit the gross weight acceptance not over than 31 metric tons as followings:

Container size	Type	Gross weight limitation (Tare weight + Cargo weight)
20	REEF	31 metric tons
	OPEN	31 metric tons
	FLAT	31 metric tons
40	REEF	31 metric tons
	OPEN	31 metric tons
	FLAT	31 metric tons

In order to follow the road restriction, we would consider to do not shuttling the container that found overweight with immediately effective today onwards. If the gross weight is over than above then final delivery must be at Laem Chabang, Thailand terminal only. And customers should be responsible for any consequences may arise.

Should you have further queries, please feel free to contact your local customer service representative.

Best regards,
Maersk Line (Thailand) Ltd.
